Hey Tom and Karen,

I was just thinking about the Alternatives/BDCP and it occurred to me that if we are able to provide feedback fairly quickly on letterhead it would be a good follow-up to our P & N letter. I know they are addressed to two different groups, however, we'll probably be cc'ing the recipients of our P & N letter and vice versa? If not, it is at least providing a complete admin record of our feedback wrt our roles as cooperating agency and under CWA and NEPA.

The fairly quickly part could be hard given anpr priorities.

Then I can call in, at least for part.

The next BECT meeting is the day of our WTR3 retreat. They've cancelled the previous 2 or 3 meetings. Think Nepstad is going and I'll download the material off their website if they post it.

In response to my query, Patti told me the "alternatives" are not yet available to us. The BECT mtg will be the first time we'll see them.
